> Capt. M'Olintock, who is in command of an expedition now in quest of Sir John Franklin, has been heard from. Late intelligence from his expedition has been published in the London Times, the last letter being dated May 24th. At that time Capt. M'Olintock was at Disco, recruiting, after having spent the last winter in the lee. On the 18th of Ang. 1857, he was stopped at Melville Bay by the icand from that time until the 25th of April 1859, was in the pack drifting Southward. He drifted down from 721 North to 632 North—the whole amounting to 1,194 Mills and the same course, the seasons being similar, but could not get into Norty Water owing to many detentions and acsimilar, but could not get into Norty
> Water owing to many detentions and accidents. Capt. McC. expected to early get into the West Water, and thoroughly safe the Pond's Bay natives so as to sepa-rate the history of of Belchera's abandon-Bourgioault and Charles Reade would and a lad was dispatched for Messrs, Wil-

an attempt to tree, when "Keeper" again should I succeed getting down Peel asked the Squire, with as much gravity saized her by the thigh, and brought her Strait. James burst suddenly from the woman, ascended some forty-five feet , and parch! man was then disputched for two of our Nimro'is, who, by a joint attack, both in front and rear, brought her bearship to "Then," said the 'Squire, "I will marthe ground by a well directed fire.

Re-Shingle Old Roofs.

I am fully convinced that millions of dollars might be saved in our country Saying which she retreated again to the every year, by generally pursuing the folfor a moment, and then seized his hat and

lowing method: Whenever a roof begins to leak, and you wish to re-shingle it, do not take off wife, and the other couple to settle mat-ters among themselves. The other coupthe old shingles -put the new shingles on the top of the old ones-but make use of six-pency sails in place of four-penny or license being all right, were then united by the 'Squire and left rejoicing on their shingle nails. The advantage of this method will consist in the following pare way. They were soon followed by Jumis's (iculars) dead wife and his LATE intended live one.

1st. You will save the expenses of removing the shingles. 2d. The building will not be exposed

pitched furiously into each other. Constable McArthur went down and parted to wes, in case of rain, before it is fin-31. The room will be much warmer and tighter. Ter for Tay .- A few days since, 4th. Neither snow nor rain can beat

writes an Attorney, as I was sitting with under the butts of the shingles, by heavy Sile. The roof will last good full one-Squire; D. W, the stabler third lenger. ...

I have tried this plan, and find it has these advantages.

It takes no more shingles, no more nails a number -only a little longer -a d no more time to put them on, and if done in a workmanbke manner, will look as ces cast at it, and the remarks made about it, had rendered its owner somewhat sensitive upon the subject. A half-grown in East Tennessee, was solicited, while here, to preach, which he readily rgreed there, to preach, which he readily rgreed here, to preach, which he readily rgreed throwing himself fiercely upon the attack.

At less hering arrhametal his full store.

At less hering arrhametal his full store. gave him some legal advice, before putting on the new shingles | Wa-

Pour CLINTON CUT Ove?-The Sanduas ky Register states that Saturday's train, on the Northern division of the Cleveland de Toledo Hailroad ran up to Port Chaton, as usual landed its passengers and freight, and without any further to Client went to Salem, came back by the citizens of that place, ran back to Sap-| usky, where it remained until mornings 'Here is your money,' paying him five and then left for C'ereland. Hereafted this train will run no farther West than Where is my horse and wagon? says W. Sandusky, and the only available cutlet 'He is at Salem,' says client, 'I only by land the Port Chutchians dow have in by wagen road to Framout, a distance of fourteen miles.
